

Endeavor Monthly

DECEMBER 2021

BY KEITH HAAG

A Word from Terry

As we approach another holiday season, Mark, myself, and the staff of Endeavor Farm join in wishing all of our clients and friends a safe and joyous holiday season. The past 20 months have been an adjustment in our lives and in business. I know we have missed visits to the farm and at the sales from many of you. We feel very strongly that relationships are the backbone of our business model. As a small token of our gratitude, please accept our best wishes for the season and a prosperous New Year along with this small gift. We appreciate your friendship and the opportunity to care for your animals.

Thank you,
Terry
