## Averly Jane Heads to Breeders' Cup Undefeated

University of Kentucky-bred Averly Jane will take a flawless race record into the Breeders' Cup Juvenile Turf Sprint after setting a new stakes record at Keeneland with a win in the Indian Summer Stakes on October 10<sup>th</sup>. The two-year-old filly by Midshipman has blown away the competition in all four of her starts, winning by a combined 22 ¼ lengths. Her dam, Sh Sh Shakin', was donated to UK by Endeavor Farm in 2014. Averly Jane is her second stakes winner to date. She is trained by Wesley Ward, who has won this race two of the three years in its existence. We will be cheering loudly for her!

## A Word from Terry

With the completion of the Fasig-Tipton October Yearling Sale, yearling sale season is behind us. I think most all of the consignors will tell you this year has far exceeded expectations. From my own perspective a few things stand out. First, while there is a deep buying bench, it still takes a good individual and current sire power to knock it out of the park. Second, vet work still remains the biggest hurdle yearlings are scrutinized over at all levels. Pinhookers drive so much of the market, making it imperative for good repository work to be able to resell yearlings as 2-yr-olds. I think end users may be more forgiving on x-rays, but a good set of x-rays and good scope still carries the day. It is nice to live in a seller's market, so sell we will.

Laura and the sales crew head to Keeneland with 5 weanlings and 8 mares starting on November 7th. Endeavor Sales starts out with an Omaha Beach filly in Book 2, and follow up in Book 4 with a colt by West Coast and a mare. The mare is young and in foal to popular freshman sire Global Campaign. Finally in Book 5, there are 3 weanlings by The Factor, Destin, and Alternation, and 7 mares. We look forward to taking this draft of horses to the sale and are hopeful to see good results.

In closing, I would like everyone to join Caroline and me in welcoming Westin Levi Shean born 10/26 as grandchild number 5. He was 7 lbs. 1 oz. and 18.5 inches at birth. Both mother and son are doing well. I am moving up on the broodmare sire list!!!
